Subject: Uber rideshare service

Hello,

I recently heard that PSC has mandated that Uber stop providing its service in South Carolina. I travel to SC regularly to conduct business and rely on Uber for this commerce. Please reconsider your decision to ban this valuable and safe service.

Regards,
-Ben Hochman

Sirs,

I am a resident of Charleston, SC.

Before Uber came to Charleston, my experience with Charleston taxis was nothing less than ridiculous. Charleston area taxis are extremely expensive (unless you remain solely within the Peninsula), and the chances of one actually picking you up on time when you place an order for one, are slim to none.

Uber has changed all of that. The Uber cars are clean, available, reasonably priced and always appear when summoned.

I write to urge you to change your stance with respect to permitting Uber to operate in SC.

Regards,

as a South Carolina citizen I am disappointed. How can we claim to be a pro-business state?

Uber is safe and convenient. Please reconsider your stance.

Please allow uber to continue serving South Carolina.
Safe and affordable rides are important to college students like myself.
